Federal Financial Aid is based on the gross annual income for the previous tax year. If your income has recently decreased or you have special circumstances that were not taken into account on your FAFSA, we may be able to reevaluate your financial need based on your projected gross income for the 2024 tax year (January 1, 2024 to December, 31, 2024). For dependent students we consider both student and parent income. For independent students, we only consider student (and spouse if applicable) income.

Unfortunately, there are certain circumstances that we **cannot** make any adjustments including: car payments or car insurance, consumer debt (credit cards), personal bankruptcy, medical insurance premiums, mortgages and rent, Home equity, IRA, 403B and 401K loans, parents will not help pay for college, or frivolous spending.

Check all that apply to you.

If you are an **Independent** Student:

- Loss of employment or change of employment status for you and/or your spouse. Consideration will be given after July 1, 2024.
- Divorce, separation, or death of a spouse.
- Loss of untaxed income (child support, worker’s compensation, etc.).
- Unusual medical or dental expenses or handicapped related expenses.
- Onetime payment which over inflated your annual income.
- Other

If you are a **Dependent** Student

- Loss of employment or change of employment status for you and/or your spouse. Consideration will be given after July 1, 2024.
- Divorce, separation, or death of a parent.
- Loss of untaxed income (child support, worker’s compensation, etc.).
- Unusual medical or dental expenses or handicapped related expenses.
